APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source is a tributary and is for flood and surplus water only. It is expressly understood and made a condition of this permit that the diversion of water by applicant shall cease immediately upon notification from the State Engineer that a shortage of water exists in the source herein described. Water is allowed herein for the irrigation of 200 acres of land only, that being the maximum amount of land which is susceptible of irrigation. A standard headgate and weir must be installed at or near the point of diversion. The State reserves the right to regulate the use of water at any time. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Two (2.0) cubic feet per second.

Actual construction work shall begin on or before May 7, 1917.

Proof of commencement of work shall be filed before June 7, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before June 7, 1917.

Application of water to beneficial use shall be made on or before December 7, 1921. Proof of the application of water to beneficial use must be filed with State Engineer on or before January 7, 1922.

Proof of labor filed MAY 26 1917

WITNESS MY HAND AND SEAL this 7th, day

Proof of completion of work filed, JUN 23 1917

of October, 1916.

Map filed JUL - 6 1917

Proof of beneficial use filed Jan. 8, 1925

Cultural Map Filed Dec 8, 1924

[Signature] State Engineer.

Office No. 1102V Issued Feb 18 1925 for 1.622 cfs
